

## FILMMAKING TASK

### Making a film about All Saints Church using iMovie Trailer

*One of the aims of the computing curriculum is that pupils are responsible, competent, confident and creative users of information and communication technology.*

*They are required to create, organise, store, manipulate and retrieve digital content.*

*Using iMovie trailer for a cross-curricular project is a great way to help teach those valuable skills. Also, as a creative, collaborative project, it can also do much to develop pupils project planning, group working and decision-making abilities.*

*The iMovie Trailer app makes shooting, editing and sharing films quick and easy.*

*As a learning resource for All Saints Church, it's a great way to create a professional looking film about the church and its history.*

# A Quick Guide to Making an iMovie Trailer

The first step is planning. Think about what your topic will be and discuss it with your team mates. Then visit then visit the church to take your photos - these will be saved onto your camera roll. Use the iMovie trailer planner to help you.

## Making your film

1. Tap iMovie
2. Tap Projects
3. Tap the + button
4. Tap on Trailer
5. Choose the genre for your trailer. For your church project use Narrative
6. Tap Create
7. In Outline delete the words. Write the name of your movie. In the box underneath for the studio name write your team names.
8. Choose your logo style.
